I am very pleased to write this letter of recommendation for Marty and Bobbie Perlmutter and LTS LeaderBoard. I have had the pleasure of working with both Marty and Bobbie since summer of 2006 in preparation for our annual golf tournament. They are both easy to work with and extremely personable and professional individuals.

Our golf committee, Board members and I, together with the sponsors at our event, were quite impressed with the services they offered us. LeaderBoard took our event to a whole new level. Everyone was so impressed by what was offered and presented, that all that was heard for months was kudos on what a great event it was. Needless to say, our profits from this tournament doubled from years past. All due to the professionalism and effort of what Marty and Bobbie brought to the table. This has been the case with every event that they have helped our organization put together. We would not dream of organizing an event without them now and continue to be grateful for their services.

Recently, they brought their expertise to our annual fishing tournament and once again impressed everyone in attendance. Their production, which includes pictures from the day and sponsor recognition on screen at the same time, is second to none.

Having said this, I would highly recommend Marty and Bobbie and LTS LeaderBoard for your event. You may reach me via email at ana@iecsf.com or by phone (305) 825-1641. I would be happy to provide additional information or answer any questions, if needed.

Very truly yours,

Ana M. Rojas
