

June 29, 2007

To Whom It May Concern:

The George Mira Celebrity Golf Classic just completed its 14<sup>th</sup> Annual event. The 2007 Mira established new levels for our presentation and profit margins. With the assistance of LTS LeaderBoard of Miami/Ft. Lauderdale, we were able to enhance the experiences for our guests and put smiles on the faces of our sponsors.

Marty Perlmutter's operation is organized and first class with the underlying concept of increasing revenue for the organization. The large screen approach at the conclusion of our event captured the attention of all that participated. Our sponsors logos were displayed continually and events of the day were highlighted to music. The electronic scoring system gave us the opportunity to establish a permanent record of the event. This proved to be vital in that we had a hole-in-one winner and scoring documentation was required for insurance payment.

Since our event spans over two days with our Friday night Cocktail Party, LeaderBoard demonstrated their flexibility by utilizing 20 plasma screens at The Homestead/Miami Speedway to promote both our sponsors and celebrities. Our silent auction items were displayed while our raffle numbers were listed periodically on the screens. Without question, LTS LeaderBoard will make a difference in the overall success at your event.

Sincerely,

Joel Furnari  
Tournament Director
